40ft. wide along the West and South line of the W2 NE/4 of 15-25N-1E (the "Property")

The aforesaid Easement is granted subject to the following terms, stipulations and conditions all of which are hereby covenanted and agreed to by Grantor and Grantee and shall be covenants that run with the land and binding upon and enforceable against Grantor and Grantee and their successors and assigns. By acceptance of any of the benefits under this Agreement, including without limitation, the grant of the Easement herein, Grantee together with its successors and assigns shall be deemed to have agreed to be bound in all respects by the covenants applicable to Grantee hereunder.

1. The liabilities and responsibilities of Grantor and Grantee for claims for damages and losses relating to the Easement or the Easement Area are described in subparagraphs A and B below:
 - A. Grantee will pay all reasonable costs and expenses (including, reasonable attorneys' fees) that result from Grantee's, or anyone acting on the Grantee's behalf, use of the Easement Area, including, but not limited to, damages caused by petroleum leaks and spills (including any substances transported through the pipeline), and damages to Grantor's crops, pastures, drainage systems, produce, natural springs, water wells, ground water, livestock, bridges, lanes, improvements, equipment, fences, structures, terraces, waterways or timber, except to the extent the damages are caused by the gross negligence or willful gross misconduct of Grantor.
 - B. Grantor waives any claims, now and in the future, that challenge the validity of this Easement or that seek additional compensation relating to the grant of the Easement.
2. Grantee shall have the right to cut all fences to have access to the Easement Area for construction purposes only, and Grantee shall repair all such fences to at least their original condition promptly upon completion of construction on Grantor's Property. Before a fence is cut it shall be supported by an H-Frame brace on either side of contemplated opening. All fences which are cut or disturbed shall be repaired in a good and workmanlike manner

acceptable to Grantor and shall be equal or better in quality than the existing fence. Grantee will be responsible for keeping all fences closed during construction and maintenance of the Pipeline. If Grantor or assign's cattle escape from the premises as a result of construction or maintenance of said line, Grantee will be responsible for all expense in securing the livestock back on the Property and any and all related actions arising from such occurrence(s).

3. Provided its use of the Easement does not in any manner interfere in any material respect with or prevent the exercise by Grantee of its rights hereunder, or create an actual or potential hazard to the pipeline or its appurtenances Grantor, its successors, heirs or assigns, reserve the right to farm, graze and otherwise fully use and enjoy the Easement; provided, however, that Grantee shall have the right hereafter to cut, keep clear and remove all trees, brush, structures and other obstructions or facilities in the Easement Area being conveyed that are reasonably deemed by Grantee to injure, endanger or interfere in any manner with the proper and efficient construction, use, inspection or maintenance of the Pipeline as long as Grantor is notified prior to any clearing or removal operations and Grantor is properly compensated for any additional damage done to the Easement Area or adjacent property. Further, in the event of a dispute between Grantor and Grantee regarding Grantee's decision that a proposed or actual use by Grantor constitutes an unauthorized or disallowed use under this paragraph, the parties agree to submit the issue to a mediator agreed upon by Grantor and Grantee with the costs of its mediation to be paid one half each by Grantor and Grantee. If an agreed upon resolution is not reached, the parties may submit the issue to the applicable Court.
4. Grantee, at its expense, will remove all trash, cans, waste materials and other debris ("Debris") within five days after completion of construction of the Pipeline in the Easement Area within five days after any other subsequent work performed by Grantee in the Easement Area. If such Debris is not removed within such time period, Grantee will reimburse Grantor for all expenses incurred by Grantor to remove such Debris.
5. Grantee, at its expense, agrees to reseed and fertilize as many times as necessary, with the same native grass or improved pasture grass, existing on the Property to re-establish after construction a substantial stand on the Easement Area crossing any pasture land portion of Grantor's Property.
6. Except in case of emergency, ingress and egress to the Easement Area shall be limited to its terminal (entry and exit) points and existing public roadways unless otherwise agreed to in writing between Grantor and Grantee.
7. The Pipeline in the Easement Area shall be installed at a minimum depth of 48", measured from the top of the pipe to the surface of the ground and will meet or exceed applicable regulations for depth of cover.
8. During installation of the pipeline, as applicable, topsoil shall be stripped and stockpiled in a windrow along the right of way and replaced to pre-existing depths. Any excess subsoil or rocks in size exceeding 2" and exposed to the surface due to construction activity shall be removed from the easement to a location designated by or approved by the Grantor.
9. Should there be any terraces or conservation structures on the Property which are crossed by the Easement Area, then all such terraces or conservation structures shall be replaced and

reconstructed to their pre-construction condition. All such work shall be at the Grantee's sole expense.

10. All waterways crossed by the Easement Area shall be reconstructed and reseeded as many times as necessary to return the waterways to their pre-construction condition. All such work shall be at the Grantee's sole expense.
11. Any erosion damage (including but not limited to, natural spring flow) occurring inside or outside of the subject Easement Area which is caused by the construction, maintenance or operation of the Pipeline shall be promptly repaired by Grantee, at its expense for so long as the Easement remains in effect. Grantor agrees to provide Grantee with access to the lands, where erosion has occurred outside the Easement, without delay or additional added cost to repair such erosion.
12. Grantor shall not install other pipelines and utility lines across the Easement Area unless such installation complies with applicable laws and regulations and does not interfere or conflict with Grantee's rights hereunder. Prior to construction of such pipelines and utility lines across the Easement Area, Grantor shall provide to Grantee for its review and approval detailed plans for the construction of such pipeline or utility lines.
13. No permanent above-ground equipment or appurtenances of any kind are to be placed by Grantee on said Easement Area except fence line markers.
14. Within five days following completion of construction, Grantee shall file with the county clerk of the county where the Property is located an "as built survey" drawing reflecting the actual location of the Pipeline. The filing made by Grantee with respect to the "as built survey" shall reference this Agreement and shall, if accurate, for all purposes, establish the location of the Easement.
15. Within sixty (60) days after installation of said Pipeline, weather and soil conditions permitting, Grantee shall repair and restore the Easement Area as nearly as possible to its original condition and contour and maintain the surface to prevent erosion and/or backfill sinking below original ground level in the Easement Area for a continuing period of at least 10 years subsequent to completion of the Pipeline construction, to the extent that such maintenance shall be for only those contour, backfill sinking and other surface issues that are a direct result of the installation of the pipeline or due to the presence of the pipeline. In connection with such maintenance Grantee agrees to reseed and/or re-sod as necessary to restore land to original condition. Grantee shall bear all the expense to satisfy these obligations.
16. Grantee, on its own behalf and on behalf of its successors, assigns, contractors and independent contractors (collectively the "Indemnitors") agree to hold harmless, defend, and indemnify Grantor, its lessees, invitees, permittees, successors and assigns (collectively the "Indemnitees") from and against any and all claims, losses, damages, costs and expenses incurred by Indemnitees (including without limitation, those incurred in enforcing Indemnitors' obligations hereunder) as a result of any Indemnitors construction, use, operation or maintenance of a pipeline on the Easement Area or any other authorized or unauthorized use of the Easement Area by any one of the Indemnitors.

17. Grantee hereby agrees to pay for all additional crop, surface, erosion, and ground water (including natural springs) damages caused by its repair, maintenance or other operations which occur in the future after the initial construction of said pipeline. Said amount of additional damages to be paid by Grantee to Grantor shall be the actual damages per occurrence.
18. Should the Grantee decide to abandon the Improvements in the Easement Area, the Grantee may, at its option, either leave the improvements in place or remove them. In the event the Grantee elects to remove the improvements, the Grantee shall restore the Easement Area as nearly as practicable to its condition prior to removal. In the event the Grantee elects to abandon the improvements in place, the Grantee shall comply with all laws, rules and regulations relating to such abandonment applicable at that time. In either event, Grantee will send to Grantor (or the current owner of the Easement Area) written notice of Grantee's intent and a date by which the improvements in the Easement Area will be abandoned.
19. If Grantee fails (i) to satisfy and discharge in any respect any of its undertakings, duties, and/or obligations provided in this Easement in accordance with this Easement and (ii) to promptly undertake and diligently prosecute all appropriate measure to promptly and correctly remedy and cure such failure after Grantee's receipt of written notice of such failure from Grantor, then in addition to all other damages, remedies, rights, and recourses available under this Easement and/or applicable law to Grantor, Grantor shall be entitled to receive from Grantee, and Grantee shall promptly pay to Grantor all of Grantor's reasonable attorneys' fees incurred by or with respect to that failure and/or related to Grantor's enforcement of Grantor's rights and remedies under this Easement and/or applicable law.
20. Any payment hereunder may be made or mailed to Grantor at the address shown above.
21. All obligatory notice under this Agreement shall be in writing, addressed to the addresses first set forth above and be delivered by certified mail, postage prepaid, and return receipt requested, next business day delivery via a reputable national courier service, regular United States mail, facsimile, e-mail or hand delivery. A party may change its address for notice by giving written notice of such change to the other party.
22. This Agreement shall be binding upon and enforceable against Grantor and Grantee and their respective heirs, executors, administrators, successors and assigns. The Easement granted hereby shall create a covenant and burden upon the Property and running therewith.
23. It is agreed that this Agreement constitutes the entire agreement between the parties and that no other agreements have been made modifying, adding to or changing the terms of the same. This Agreement shall not be abrogated, modified, rescinded or amended in whole or in part without the consent of Grantor and Grantee, in writing and executed by each of them, and duly recorded in the appropriate real property records.
24. The terms and conditions of the Easement granted herein shall be subject to all applicable laws, regulations and permit conditions.
25. This Agreement may be executed in counterparts, each of which shall be considered an original for all purposes; provided, however, that all such counterparts shall together constitute one and the same instrument.

26. The rights granted hereby to Grantee may be assigned by Grantee in whole, in Grantee's sole discretion.
27. This Agreement shall be governed by the law of the State in which the Easement Area is situated.

IN WITNESS WHEREOF, Grantor has executed this Agreement as of the 24th day of July 2014.
