Lessor shall have the privilege, at his risk and expense, of using gas from any gas well on said land for stoves and inside lights in the principal dwelling thereon, out of any surplus gas not needed for operations hereunder.

8. The rights of either party hereunder may be assigned in whole or in part and the provisions hereof shall extend to the heirs, executors, administrators, successors, and assigns, but no change or division in ownership of the land, rentals or royalties, however accomplished, shall operate to enlarge the obligations or diminish the rights of lease. No such change or division in the ownership of the land, rentals or royalties shall be binding upon lessee for any purpose until such person acquiring any interest has furnished lessee with the instrument or instruments, or certified copies thereof, constituting his claim of title from the original lessor. In the event of an assignment of this lease as to a segregated portion of said land, the rentals payable hereunder shall be apportioned as between the several leasehold owners ratably according to the surface area of each, and default in rental payment by one shall not affect the rights of other leasehold owners hereunder. An assignment of this lease, in whole or in part, shall, to the extent of such assignment, relieve and discharge lessee of any obligations hereunder, and, if lessee or assignee of part or parts hereof shall fail or make default in the payment of the proportionate part of the rentals due from such lessee or assignee or fail to comply with any other provision of the lease, such default shall not affect this lease in so far as it covers a part of said lands upon which lessee or any assignee thereof shall make payment of said rentals.

9. Lessee shall not be liable for delays or defaults in its performance of any agreement or covenant hereunder due to force majeure. The term "force majeure" as employed herein shall mean: any act of God including but not limited to storms, floods, washouts, landslides, and lightning; acts of the public enemy; wars, blockades, insurrections, or riots; strikes or lockouts; epidemics or quarantine regulations; laws, acts, order or requests of federal, state, municipal or other governments or governmental officers or agents under color of authority; freight embargoes or failures; exhaustion or unavailability or delays in delivery of any product, labor, service, or material. If lessee is required, or ordered or directed by any federal, state or municipal law, executive order, rule, regulation or request enacted or promulgated under color of authority to cease drilling operations, reworking operations or producing operations on the land covered by this lease or if lessee by force majeure is prevented from conducting drilling operations, reworking operations or producing operations, then until such time as law, order, rule, regulation, request or force majeure is terminated and for a period of ninety (90) days after such termination each and every provision of this lease that might operate to terminate it or the estate conveyed by it shall be suspended and inoperative and this lease shall continue in full force. If any period of suspension occurs during the primary term, the time thereof shall be added to such term.

10. Lessor hereby warrants and agrees to defend the title to said land, and agrees that lessee, at its option, may discharge any tax, mortgage, or other lien upon said land, and in the event lessee does so, it shall be subrogated to such lien with the right to enforce same and apply rentals and royalties accruing hereunder toward satisfying same. In case said lessor owns a less interest in the above described land than the entire and undivided fee simple estate therein, then the royalties, including substitute gas royalty, and rentals herein provided for shall be paid the said lessor only in the proportion that his interest bears to the whole and undivided fee; however, such rental shall be increased at the next succeeding rental anniversary after the acquisition of any reversionary interest or after-acquired title to cover the interest so acquired, and lessor agrees to notify lessee in writing upon acquisition of any additional interest in the above described property, whether it be by reversion or after-acquired title, or if such additional acquisition occurs after production be obtained, then the royalty shall be increased to cover the interest so acquired. Should any one or more of the parties named above as lessors fail to execute this lease, it shall nevertheless be binding upon the party or parties executing the same.

11. If the leased premises shall hereafter be owned in severalty or in separate tracts, the premises, nevertheless, shall be developed and operated as one lease, and all royalties accruing hereunder shall be treated as an entirety and shall be divided among and paid to such separate owners in the proportion that the acreage owned by each such separate owner bears to the entire leased acreage. There shall be no obligation on the part of the lessee to offset wells on separate tracts into which the land covered by this lease may be hereafter divided by sale, devise, or otherwise, or to furnish separate measuring or receiving tanks.

12. Lessee and lessee's successors and assigns shall have the right at any time to surrender this lease, in whole or in part, to lessor or his heirs and assigns by delivering or mailing a release thereof to the lessor, or by placing a release thereof of record in the county in which said land is situated; thereupon lessee shall be relieved from all obligations, expressed or implied, of this agreement as to the acreage so surrendered, and thereafter the rentals payable hereunder shall be reduced in the proportion that the acreage covered hereby is reduced by said release or releases.

That we also, before proceeding in the performance of the duties imposed upon us in respect to the appraisal and assessment of damages for right-of-way purposes of said Railroad right-of-way and private lands, gave ten days' notice, in writing, of the time and place when and where such appraisal and assessment would be made by one publication in The Wamego Times, a weekly newspaper published in and of general circulation in said County of Pottawatomie, which said notice, together with proof of publication thereof, is also filed in the office of the Secretary of the Board of Directors of said drainage district.

And that thereafter, in pursuance of said notice, on the 20th day of November, 1917, at 9 O'clock A. M., at the Northwest Corner of Section eleven, Township ten, Range eleven, in Pottawatomie County, Kansas, and within said drainage district, the time and place designated in said notice, we, as such commissioners, met and then and there commenced with and proceeded in the performance of the duties imposed upon us and as by law provided to appraise the value of said Railroad right-of-way and private lands appropriated and taken and to assess the other damages done to the owners of the property respectively by such appropriation, as by law provided, and that we continued and proceeded with such appraisal and assessment, adjourning from time to time as was necessary and deemed convenient, until our duties were fully completed in respect to the appropriation and appraisal and assessment of damages for right-of-way purposes of all of said Railroad right-of-way and private lands, all of which proceedings are fully shown by a schedule attached hereto, marked "A" and made a part hereof. The said schedule "A" shows, as indicated thereon, an accurate

description of the Railroad right-of-way and private lands set off and appropriated for drainage right-of-way purposes as aforesaid; the name of each owner, if known; the value of such respective portions of Railroad right-of-way and private lands taken; and the amount of all other damages done to and sustained by the owners of the property respectively by such appropriation. And having fully completed the performance of our duties in the matter of our said appointment and in respect to the appropriation and appraisal and assessment of damages of all of said Railroad right-of-way and private lands for drainage right-of-way purposes as aforesaid, we now make this our report of our proceedings and subscribe our names hereto, this 28th day of November, 1917.

WHEREAS, Purchasers desire to obtain water for irrigation upon their part of the aforesaid irrigation circle; and, in exchange for Purchasers' help in operating and maintaining the irrigation system upon the aforesaid irrigation circle, Trust is willing to sell and provide water to the purchasers under the Trust's appropriation right to water when certain changes, as hereinafter mentioned, are approved by the Chief Engineer of the Division of Water Resources, State Board of Agriculture, State of Kansas; and

WHEREAS, an application for approval to change the place of use, the point of diversion or the use made of the water under an existing water right, hereinafter referred to as "application to change", was originally filed on February 18, 1981, and is now pending to facilitate irrigation by Trust, Operators and Purchasers upon the aforesaid irrigation circle, which irrigation circle is located upon and within the above described parcels of real property and more specifically identified on the detailed plat and topographical map which supplements the application to change.

NOW, THEREFORE, in consideration of their mutual promises to each other hereinafter stated, and, for valuable consideration given to each other by the parties hereto, the receipt of which is acknowledged by the parties hereto, Trust, Operators and Purchasers agree and covenant as follows:

1. An irrigation system will be operated and maintained, including the cost of leasing irrigation equipment and the cost of fuel, by Trust, Operators and Purchasers upon the aforesaid irrigation circle. Trust owns the pump and pump motor necessary to complete the irrigation system; and, Trust will provide and maintain the pump and pump motor for the benefit of the irrigation system. Further, Trust

4. Trust and Operators, their successors and assigns, shall have no obligation to furnish any water to Purchasers under the terms and for the purposes of this Agreement if no water is available under the Trust's appropriation right to water.

5. Trust and Purchasers, their heirs, executors, administrators, assigns and successors, may cancel and terminate this Agreement, with or without cause, at any time, upon written notice to the other sent by certified mail. It is understood that the Operators may convey any

On August 13, 2007, the Court entered an Order conditionally approving the Settlement Agreement. On January 17, 2008, this Court executed a Final Order and Judgment in these proceedings approving that settlement (the "Final Order and Judgment"), which was entered on January 17, 2008

In paragraph 9 of the Final Order and Judgment, the Court granted AT&T a sixteen and one half (16 1/2) foot wide easement, consistent with Paragraph VI.A.1. of the Settlement Agreement, for telecommunications purposes through the Settlement Corridor (as defined in the Settlement Agreement) vis-à-vis all Current Landowners (as defined in the Settlement Agreement) and their respective successors in interest. Under Paragraph VI.A.1. of the Settlement Agreement, this permanent telecommunications easement gives AT&T the right to operate, maintain, upgrade and expand its existing cable, as well as to install new conduits and fiber or replacement technology within the easement and shall permit unrestricted use, licensing and assignment of such facilities, which have been or may be constructed, installed, or acquired by AT&T for its primary use.

Paragraph 14 of the Final Order and Judgment provides that AT&T or Class Counsel may, at their respective options and cost, file/record/index the Final Order and Judgment or a notice thereof, in the name of each Class Member who owns any property affected by the easement in the judgment or land records of the jurisdiction in which the real estate is located.

Paragraph 14 of the Final Order and Judgment also provides that this Court retains jurisdiction to enter supplemental orders and judgments to effectuate the recordation of AT&T's property rights.

This Supplemental Final Order and Judgment specifically identifies certain owners of property, or their predecessors, affected by the easement described in Paragraph 9 of the Final

Order and Judgment and describes the affected property to effectuate the recordation of AT&T's property rights.

Accordingly, in order to effectuate the recordation of AT&T's property rights, it is hereby **ORDERED AND ADJUDGED** as follows:

1. The maps included at Attachment A illustrate, by county, the portions of railroad corridors and adjoining property affected by the easement provided in Paragraph 9 of the Final Order and Judgment. Attachment A is broken down by state and county into a number of sub-parts labeled A1, A2, A3, etc. If AT&T chooses to file/record/index this Supplemental Final Order and Judgment in the land records of a particular county pursuant to Paragraph 14 of the Final Order and Judgment, it is permitted to attach to this Supplemental Final Order and Judgment only the sub-part of Attachment A that corresponds to that county.

2. Attachment B is a series of descriptions, by county, that describe the portions of railroad corridors and adjoining property affected by the easement provided in Paragraph 9 of the Final Order and Judgment. Attachment B is broken down for each state and county into a number of sub-parts labeled B1, B2, B3, etc. If AT&T chooses to file/record/index this Supplemental Final Order and Judgment in the land records of a particular county pursuant to Paragraph 14 of the Final Order and Judgment, it is permitted to attach to this Supplemental Final Order and Judgment only the sub-part of Attachment B that corresponds to that county.

3. Attachment C consists of two spreadsheets that list certain owners of property from whom an easement was obtained and describes the parcels of property subject to the easement provided in Paragraph 9 of the Final Order and Judgment. One of the spreadsheets lists the parcels within each county by the names of the landowners, and the other spreadsheet lists the parcels within each county in the order as they appear along the Settlement Corridor. Each spreadsheet in Attachment C is broken down by state and county into a number of sub-parts

labeled C1, C2, C3, etc. If AT&T chooses to file/record/index this Supplemental Final Order and Judgment in the land records of a particular county pursuant to Paragraph 14 of the Final Order and Judgment, it is permitted to attach to this Supplemental Final Order and Judgment only the sub-part of Attachment C that corresponds to that county.

4. If AT&T chooses to file/record/index this Supplemental Final Order and Judgment in the land records of a particular county, the recorder's/clerk's offices of such jurisdictions are directed to file/record/index this Order against each settlement class member's name or against such settlement class member's interest in the real estate (the names and other necessary information of such settlement class members within each applicable jurisdiction are included at Attachment C to this Supplemental Final Order and Judgment in order to allow the recorder's/clerk's office to file/record/index this Supplemental Final Order and Judgment against each settlement class member), so as to give constructive and record notice to all subsequent parties acquiring an interest in the real estate of the existence of the easements.

**AMENDED SUPPLEMENTAL FINAL ORDER AND JUDGMENT PERTAINING TO
MCPHERSON COUNTY, POTTAWATOMIE COUNTY AND RILEY COUNTY,
KANSAS**

On October 20, 2004, counsel for AT&T Corp. and AT&T Communications - East, Inc. (formerly AT&T Communications, Inc.) (collectively AT&T) and Class Counsel executed the Kansas "Telecommunication Cable"/Railroad Corridor Class Settlement Agreement, providing AT&T, among other things, an easement running along certain railroad corridors in Kansas (the "Settlement Agreement"). On October 22, 2004, the Court entered an Order conditionally approving the Settlement Agreement. On July 8, 2005, this Court executed a Final Order and Judgment in these proceedings approving that settlement (the "Final Order and Judgment"), which was entered on July 8, 2005. On June 29, 2007, this Court executed a Supplemental Final Order and Judgment to help effectuate the recordation of AT&T's property rights by identifying certain parcels of property over which AT&T holds an easement as described in Paragraph 8 of the Final Order and Judgment, identifying certain owners of property affected by the easement, describing the affected property, and allowing AT&T to file copies of the Supplemental Final Order and Judgment in the land records or judgment records of various Kansas counties to provide notice of AT&T's easement over parcels of property in those

counties. This Amended Supplemental Final Order and Judgment Pertaining to McPherson County, Pottawatomie County and Riley County, Kansas includes additional identifying information concerning parcels in McPherson County, Pottawatomie County and Riley County, Kansas that were not included in the Supplemental Final Order and Judgment.

In Paragraph 8 of the Final Order and Judgment, the Court granted AT&T a sixteen and one half (16 1/2) foot wide easement, consistent with Paragraph VI.A.1. of the Settlement Agreement, for telecommunications purposes through the Settlement Corridor (as defined in the Settlement Agreement) vis-à-vis all Current Landowners (as defined in the Settlement Agreement) and their respective successors in interest. Under Paragraph VI.A.1. of the Settlement Agreement, this permanent telecommunications easement gives AT&T the right to operate, maintain, upgrade and expand its existing cable, as well as to install new conduits and fiber or replacement technology within the easement and shall permit unrestricted use, licensing and assignment of such facilities, which have been or may be constructed, installed, or acquired by AT&T for its primary use.

Paragraph 13 of the Final Order and Judgment provides that AT&T or Class Counsel may, at their respective options and cost, file/record/index the Final Order and Judgment or a notice thereof, in the name of each Class Member who owns any property affected by the easement in the judgment or land records of the jurisdiction in which the real estate is located.

Paragraph 13 of the Final Order and Judgment also provides that this Court retains jurisdiction to enter supplemental orders and judgments to effectuate the recordation of AT&T's property rights.

This Amended Supplemental Final Order and Judgment Pertaining to McPherson County, Pottawatomie County and Riley County, Kansas specifically identifies certain owners of property in McPherson County, Pottawatomie County and Riley County, Kansas, or their

predecessors, affected by the easement described in Paragraph 8 of the Final Order and Judgment and describes the affected property to effectuate the recordation of AT&T's property rights.

Accordingly, in order to effectuate the recordation of AT&T's property rights, it is hereby **ORDERED AND ADJUDGED** as follows:

1. The maps included at Attachment A illustrate, by county in Kansas, the portions of railroad corridors and adjoining property in McPherson County, Pottawatomie County and Riley County, Kansas affected by the easement provided in Paragraph 8 of the Final Order and Judgment. Attachment A is broken down by Kansas county into a number of sub-parts labeled A1, A2, and A3. If AT&T chooses to file/record/index this Supplemental Final Order and Judgment in the land records of a McPherson County, Pottawatomie County or Riley County, Kansas pursuant to Paragraph 13 of the Final Order and Judgment, it is permitted to attach to this Supplemental Final Order and Judgment only the sub-part of Attachment A that corresponds to that county.
2. Attachment B is a series of descriptions, by county in Kansas, that describe certain portions of railroad corridors and adjoining property in McPherson County, Pottawatomie County and Riley County, Kansas affected by the easement provided in Paragraph 8 of the Final Order and Judgment. Attachment B is broken down for each Kansas county into a number of sub-parts labeled B1, B2, and B3. If AT&T chooses to file/record/index this Supplemental Final Order and Judgment in the land records of McPherson County, Pottawatomie County or Riley County, Kansas pursuant to Paragraph 13 of the Final Order and Judgment, it is permitted to attach to this Supplemental Final Order and Judgment only the sub-part of Attachment B that corresponds to that county.
3. Attachment C consists of two spreadsheets that list certain owners of property from whom an easement was obtained and describes the parcels of property in McPherson

County, Pottawatomie County and Riley County, Kansas subject to the easement provided in Paragraph 8 of the Final Order and Judgment. One of the spreadsheets lists the parcels within each county by the names of the landowners, and the other spreadsheet lists the parcels within each county in the order as they appear along the Settlement Corridor. Each spreadsheet in Attachment C is broken down by Kansas county into a number of sub-parts labeled C1, C2, and C3. If AT&T chooses to file/record/index this Supplemental Final Order and Judgment in the land records of McPherson County, Pottawatomie County or Riley County, Kansas pursuant to Paragraph 13 of the Final Order and Judgment, it is permitted to attach to this Supplemental Final Order and Judgment only the sub-part of Attachment C that corresponds to that county.

4. If AT&T chooses to file/record/index this Amended Supplemental Final Order and Judgment Pertaining to McPherson County, Pottawatomie County and Riley County, Kansas in the land records of McPherson County, Pottawatomie County and Riley County, Kansas, the recorder's/clerk's offices of such jurisdictions are directed to file/record/index this Order against each settlement class member's name or against such settlement class member's interest in the real estate (the names and other necessary information of such settlement class members within each applicable jurisdiction are included at Attachment C to this Amended Supplemental Final Order and Judgment Pertaining to McPherson County, Pottawatomie County and Riley County, Kansas in order to allow the recorder's/clerk's office to file/record/index this Amended Supplemental Final Order and Judgment Pertaining to McPherson County, Pottawatomie County and Riley County, Kansas against each settlement class member), so as to give constructive and record notice to all subsequent parties acquiring an interest in the real estate of the existence of the easements.

SECOND AMENDED SUPPLEMENTAL FINAL ORDER AND JUDGMENT
PERTAINING TO POTTAWATOMIE COUNTY, KANSAS

On October 20, 2004, counsel for AT&T Corp. and AT&T Communications - East, Inc. (formerly AT&T Communications, Inc.) (collectively AT&T) and Class Counsel executed the Kansas "Telecommunication Cable"/Railroad Corridor Class Settlement Agreement, providing AT&T, among other things, an easement running along certain railroad corridors in Kansas (the "Settlement Agreement"). On October 22, 2004, the Court entered an Order conditionally approving the Settlement Agreement. On July 8, 2005, this Court executed a Final Order and Judgment in these proceedings approving that settlement (the "Final Order and Judgment"), which was entered on July 8, 2005. On June 29, 2007, this Court executed a Supplemental Final Order and Judgment to help effectuate the recordation of AT&T's property rights by identifying certain parcels of property over which AT&T holds an easement as described in Paragraph 8 of the Final Order and Judgment, identifying certain owners of property affected by the easement, describing the affected property, and allowing AT&T to file copies of the Supplemental Final Order and Judgment in the land records or judgment records of various Kansas counties to provide notice of AT&T's easement over parcels of property in those

counties. On September 17, 2009 this Court approved the Amended Supplemental Final Order and Judgment Pertaining to McPherson County, Pottawatomie County and Riley County, Kansas providing additional information concerning parcels of property listed at Attachment C to the Supplemental Final Order and Judgment for Kansas. This Second Amended Supplemental Final Order and Judgment Pertaining to Pottawatomie County, Kansas includes additional identifying information concerning parcels in Pottawatomie County, Kansas that are subject to the AT&T easement.

In Paragraph 8 of the Final Order and Judgment, the Court granted AT&T a sixteen and one half (16 1/2) foot wide easement, consistent with Paragraph VI.A.1. of the Settlement Agreement, for telecommunications purposes through the Settlement Corridor (as defined in the Settlement Agreement) vis-à-vis all Current Landowners (as defined in the Settlement Agreement) and their respective successors in interest. Under Paragraph VI.A.1. of the Settlement Agreement, this permanent telecommunications easement gives AT&T the right to operate, maintain, upgrade and expand its existing cable, as well as to install new conduits and fiber or replacement technology within the easement and shall permit unrestricted use, licensing and assignment of such facilities, which have been or may be constructed, installed, or acquired by AT&T for its primary use.

Paragraph 13 of the Final Order and Judgment provides that AT&T or Class Counsel may, at their respective options and cost, file/record/index the Final Order and Judgment or a notice thereof, in the name of each Class Member who owns any property affected by the easement in the judgment or land records of the jurisdiction in which the real estate is located.

Paragraph 13 of the Final Order and Judgment also provides that this Court retains jurisdiction to enter supplemental orders and judgments to effectuate the recordation of AT&T's property rights.

This Second Amended Supplemental Final Order and Judgment Pertaining to Pottawatomie County, Kansas specifically identifies certain owners of property or their predecessors in Pottawatomie County, Kansas affected by the easement described in Paragraph 8 of the Final Order and Judgment and describes the affected property to effectuate the recordation of AT&T's property rights.

Accordingly, in order to effectuate the recordation of AT&T's property rights, it is hereby **ORDERED AND ADJUDGED** as follows:

1. The map included at Attachment A illustrates the portions of railroad corridors and adjoining property affected by the easement in Pottawatomie County, Kansas provided in Paragraph 8 of the Final Order and Judgment.
2. Attachment B describes the portions of railroad corridors and adjoining property in Pottawatomie County, Kansas affected by the easement provided in Paragraph 8 of the Final Order and Judgment.
3. Attachment C consists of two spreadsheets that list certain owners of property, or their predecessors, from whom an easement was obtained and describes certain parcels of property in Pottawatomie County subject to the easement provided in Paragraph 8 of the Final Order and Judgment. One of the spreadsheets lists the parcels within Pottawatomie County by the names of the landowners, and the other spreadsheet lists the parcels within Pottawatomie County in the order as they appear along the Settlement Corridor.
4. If AT&T chooses to file/record/index this Second Amended Supplemental Final Order and Judgment Pertaining to Pottawatomie County, Kansas in the land records of Pottawatomie County, the recorder's/clerk's office of Pottawatomie County is directed to file/record/index this Judgment against each settlement class member's name or against such settlement class member's interest in the real estate (the names and other necessary information

of such settlement class members within Pottawatomie County are included at Attachment C to this Second Amended Supplemental Final Order and Judgment Pertaining to Pottawatomie County, Kansas in order to allow the recorder's/clerk's office to file/record/index this Second Amended Supplemental Final Order and Judgment Pertaining to Pottawatomie County, Kansas against each settlement class member), so as to give constructive and record notice to all subsequent parties acquiring an interest in the real estate of the existence of the easements.

Oklahoma, Oregon, Utah, Washington, Wisconsin and Wyoming over parcels of land that adjoin or underlie property that was originally derived from federal land grant or state land grant derived from federal land grant (the "Settlement Agreement"). On August 13, 2007, the Court entered an Order conditionally approving the Settlement Agreement. On January 17, 2008, this Court executed a Final Order and Judgment in these proceedings approving that settlement (the "Final Order and Judgment"), which was entered on January 17, 2008. On June 15, 2009, this Court executed a Supplemental Final Order and Judgment Concerning Federal Land Grant Settlement Corridor Claims to help effectuate the recordation of AT&T's property rights by identifying certain parcels of property over which AT&T holds an easement as described in Paragraph 9 of the Final Order and Judgment, identifying certain owners of property affected by the easement, describing the affected property, and allowing AT&T to file copies of the Supplemental Final Order and Judgment Concerning Federal Land Grant Settlement Corridor Claims in the land records or judgment records of various counties in California, Colorado, Idaho, Kansas, Michigan, Montana, North Dakota, Oklahoma, Oregon, Utah, Washington, Wisconsin and Wyoming to provide notice of AT&T's easement over parcels of property in those counties. This Amended Supplemental Final Order and Judgment Concerning Federal Land Grant Settlement Corridor Claims Pertaining to Pottawatomie County, Kansas includes additional identifying information concerning parcels in Pottawatomie County, Kansas that are subject to the AT&T easement.

In Paragraph 9 of the Final Order and Judgment, the Court granted AT&T a sixteen and one half (16 1/2) foot wide easement, consistent with Paragraph VI.A.1. of the Settlement Agreement, for telecommunications purposes through the Settlement Corridor (as defined in the Settlement Agreement) vis-à-vis all Current Landowners (as defined in the Settlement Agreement) and their respective successors in interest. Under Paragraph VI.A.1. of the

Settlement Agreement, this permanent telecommunications easement gives AT&T the right to operate, maintain, upgrade and expand its existing cable, as well as to install new conduits and fiber or replacement technology within the easement and shall permit unrestricted use, licensing and assignment of such facilities, which have been or may be constructed, installed, or acquired by AT&T for its primary use.

Paragraph 14 of the Final Order and Judgment provides that AT&T or Class Counsel may, at their respective options and cost, file/record/index the Final Order and Judgment or a notice thereof, in the name of each Class Member who owns any property affected by the easement in the judgment or land records of the jurisdiction in which the real estate is located.

Paragraph 14 of the Final Order and Judgment also provides that this Court retains jurisdiction to enter supplemental orders and judgments to effectuate the recordation of AT&T's property rights.

This Amended Supplemental Final Order and Judgment Concerning Federal Land Grant Settlement Corridor Claims Pertaining to Pottawatomie County, Kansas specifically identifies certain owners of property or their predecessors in Pottawatomie County, Kansas affected by the easement described in Paragraph 9 of the Final Order and Judgment and describes the affected property to effectuate the recordation of AT&T's property rights.

Accordingly, in order to effectuate the recordation of AT&T's property rights, it is hereby **ORDERED AND ADJUDGED** as follows:

1. The map included at Attachment A illustrates the portions of railroad corridors and adjoining property affected by the easement in Pottawatomie County, Kansas provided in Paragraph 9 of the Final Order and Judgment.

2. Attachment B describes the portions of railroad corridors and adjoining property in Pottawatomie County, Kansas affected by the easement provided in Paragraph 9 of the Final Order and Judgment.

3. Attachment C consists of two spreadsheets that list certain owners of property, or their predecessors, from whom an easement was obtained and describes certain parcels of property in Pottawatomie County, Kansas subject to the easement provided in Paragraph 9 of the Final Order and Judgment. One of the spreadsheets lists the parcels within Pottawatomie County by the names of the landowners, and the other spreadsheet lists the parcels within Pottawatomie County in the order as they appear along the Settlement Corridor.

4. If AT&T chooses to file/record/index this Amended Supplemental Final Order and Judgment Concerning Federal Land Grant Settlement Corridor Claims Pertaining to Pottawatomie County, Kansas in the land records of Pottawatomie County, the recorder's/clerk's office of Pottawatomie County is directed to file/record/index this Judgment against each settlement class member's name or against such settlement class member's interest in the real estate (the names and other necessary information of such settlement class members within Pottawatomie County are included at Attachment C to this Amended Supplemental Final Order and Judgment Concerning Federal Land Grant Settlement Corridor Claims Pertaining to Pottawatomie County, Kansas in order to allow the recorder's/clerk's office to file/record/index this Amended Supplemental Final Order and Judgment Concerning Federal Land Grant Settlement Corridor Claims Pertaining to Pottawatomie County, Kansas against each settlement class member), so as to give constructive and record notice to all subsequent parties acquiring an interest in the real estate of the existence of the easements.

CERTIFICATE OF APPROPRIATION FOR BENEFICIAL USE OF WATER

WATER RIGHT, File No. 33,728

PRIORITY DATE December 20, 1979

WHEREAS, It has been determined by the undersigned that construction of the appropriation diversion works has been completed, that water has been used for beneficial purposes and that the appropriation right has been perfected, all in conformity with the conditions of approval of the application pursuant to the water right referred to above and in conformity with the laws of the State of Kansas,

NOW, THEREFORE, Be It Known that DAVID L. POPE, the duly appointed, qualified and acting Chief Engineer of the Division of Water Resources of the Kansas State Board of Agriculture, by authority of the laws of the State of Kansas, and particularly K.S.A. 82a-714, does hereby certify that, subject to vested rights and prior appropriation rights, the appropriator is entitled to make use of groundwater in the drainage basin of the Kansas River to be withdrawn by means of a well located in the Southeast Quarter of the Northwest Quarter of the Southeast Quarter (SE $\frac{1}{4}$ NW $\frac{1}{4}$ SE $\frac{1}{4}$) of Section 35, more particularly described as being near a point 1,740 feet North and 1,450 feet West of the Southeast corner of said section, in Township 9 South, Range 11 East, Pottawatomie County, Kansas, at a diversion rate not in excess of 745 gallons per minute (1.66 c.f.s.) and in a quantity not to exceed 72 acre-feet per calendar year for irrigation use on the following described property:

- 23 acres in the Northwest Quarter of the Northeast Quarter (NW $\frac{1}{4}$ NE $\frac{1}{4}$),
- 40 acres in the Southwest Quarter of the Northeast Quarter (SW $\frac{1}{4}$ NE $\frac{1}{4}$),
- 11 acres in the Southeast Quarter of the Northeast Quarter (SE $\frac{1}{4}$ NE $\frac{1}{4}$),
- 80 acres in the East Half of the Southwest Quarter (E $\frac{1}{2}$ SW $\frac{1}{4}$),
- 39 acres in the Northeast Quarter of the Southeast Quarter (NE $\frac{1}{4}$ SE $\frac{1}{4}$),
- 80 acres in the West Half of the Southeast Quarter (W $\frac{1}{2}$ SE $\frac{1}{4}$),
- 27 acres in the Southeast Quarter of the Southeast Quarter (SE $\frac{1}{4}$ SE $\frac{1}{4}$),

a total of 300 acres in Section 35, Township 9 South, Range 11 East, Pottawatomie County, Kansas.

The appropriator shall maintain in an operating condition, satisfactory to the Chief Engineer, all check valves installed for preventing chemical or other foreign substance pollution of the water supply.

The appropriator shall maintain records from which the quantity of water actually diverted during each calendar year may be readily determined. Such records shall be furnished to the Chief Engineer within 30 days of receipt of the annual water use report form.

The appropriation right as perfected is appurtenant to and severable from the land herein described.

The appropriation right shall be deemed abandoned and shall terminate when without due and sufficient cause no lawful beneficial use is made of water under this appropriation for three (3) successive years.

The right of the appropriator shall relate to a specific quantity of water and such right must allow for a reasonable raising or lowering of the static water level and for the reasonable increase or decrease of the stream flow at the appropriator's point of diversion.

IN WITNESS WHEREOF, I have hereunto set my hand at my office at Topeka, Kansas, this 25th day of June, 1987.
